

# SNOW AND ICE

# WHO WE ARE

**Our people's dedication and passion for building a superior product contribute to the long term growth, value and overall success of our customers and the strength of our products.**

With four decades of experience and expertise in the custom manufacturing of vocational vehicles, Gincor Werx is an industry leader known for its quality workmanship and technical innovation. It's products include dump bodies, work ready, snow and ice equipment, cranes, flat decks, roll-offs hook-lifts, van bodies and heavy haul float trailers.

In 2017 Gincor formed a strategic partnership with DEL Equipment, which brings an additional 70 years of truck equipment solutions to an

already solid industry identity. Our combined 13 facilities give Gincor's breadth of product offering a true national footprint which includes 478,000 sq.ft. of manufacturing space, 90 installation bays, 550 employees and 22 service bays.

1978

GINGRAS CORRIVEAU

Gingras Corriveau's humble beginning began as a family business in 1978 and grew to become a true leader in the vocational truck, trailer and service industry today.

2002

DURABODY INDUSTRIES

2015

By 2015 Gincor Werx is Canada's largest vocational truck upfitter with over 50 years of installation, customization and service. Fueling the success story of Durabody Industries.

ncor had become  
 rgest vocational  
 manufacturing,  
 service and  
 on capabilities.  
 companies  
 w the aquisition  
 y in 2015.

The partnership with DEL Equipment in July of 2017 brought a national manufacturing sales, parts and service network to take Gincor Werx nation wide.

2016

DEL EQUIPMENT

2017

JC TRAILERS

Innovative installation practices and a focus on continuous improvement led Gincor to expand its product offering by acquiring JC Trailers in 2016.

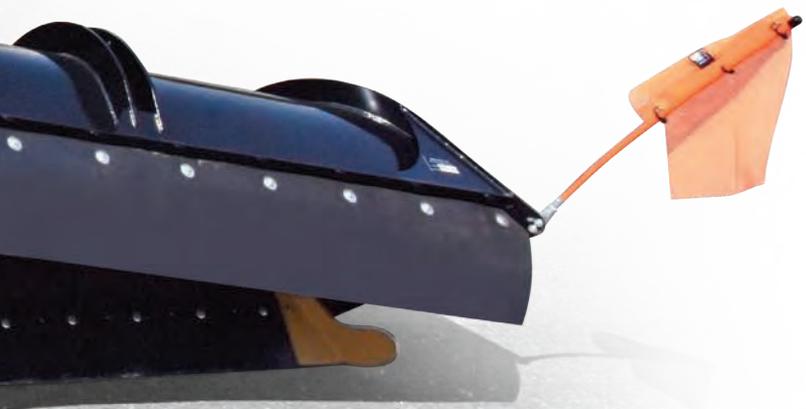

2017

GINCOR TRAILER WERX

The opening of Gincor Trailer Werx (formerly the Blenheim operation of Cross Country Trailers) in December 2017, secured Gincor's position as Canada's largest supplier of truck equipment and trailers.

Building and installing our snow and ice products in Northern Ontario has its advantages. To test equipment in the worst weather available, all we have to do is open the door. Our first customers were close to home, from the north! With the benchmark being our own backyard, we know our Snow and Ice equipment will stand up to any winter weather, anywhere in Canada and the Northern United States.

#### **SPREADER BODY & PLOW TRUCKS**

- For commercial or residential
- Partnered with world class snow & ice Equipment OEM's
- Designed & built to required application
- Comprehensive selection of snow & ice equipment

#### **AIRPORT CLEARANCE**
