FOR IMMEDIATE RELEASE

June 22, 2020

GINCOR WERX HAS BEEN CERTIFIED AS A GREAT PLACE TO WORK®

Gincor Werx is proud to announce that we have been certified as a Great Place to Work® after a thorough and independent analysis conducted by Great Place to Work® Institute Canada. This certification is based on direct feedback from employees, provided as part of an extensive and anonymous survey about the workplace experience.

At Gincor our priority is making a great place for our employees to come to work each day and to build a career. We pride ourselves on working with employees, their families, and the community to truly try and make a difference. Each year we set goals specific to improve our culture and engage all employees to contribute to making a great working experience. By making a great place to work we believe this is passed on to our clients through the pride our people have for the quality of what we build and the service we offer.

GINCOR President & CEO, Luc Stang, is very proud of his company's reputation. Our people have embraced what the future of the organization can be like and act like by never losing sight of the goals and vision stated in my "Painted Picture" and "Vivid Vision" for Gincor. It is very rewarding for Gincor to be voted by its employees as a Great Place to Work®. This achievement was made possible by creating and building upon what it takes to have a great workplace and taking lessons on how we can help each other to make it happen. This measurement of employee engagement is what motivates me every morning of every day and one of the key elements as to why I took the risk to go into business in 2002. I am proud of all of you and you should be proud of yourselves and of each other while celebrating our differences. Your future is in your hands! Let us keep building upon this as I believe we can create a very envied organization in Canada. Cheers!

About Great Place to Work®

Great Place to Work® (www.greatplacetowork.ca) is the global authority on high-trust, high-performance workplace cultures. Through proprietary assessment tools, advisory services, and certification programs, Great Place to Work® recognizes the Best Workplaces™ across the world in a series of national lists including those published by Fortune magazine (USA) and The Globe & Mail (Canada). Great Place to Work® provides the benchmarks, framework, and expertise needed to create, sustain, and recognize outstanding workplace cultures.

About Gincor Werx

With four decades of experience and expertise in the custom manufacturing of vocational vehicles, Gincor Werx is an industry leader known for its quality workmanship and technical innovation. Our product offering includes dump bodies, snow and ice equipment, flat decks, and van bodies. Our trailer offering includes heavy haul, equipment, tag, step deck, and live bottom trailers. The acquisition of Durabody Industries in 2015 marked the beginning of rapid growth for the corporation with the ultimate goal of strengthening its overall product portfolio. The acquisition of JC Trailers in 2016 followed by opening Gincor Trailer Werx in 2017 greatly enhanced our product offering to an already solid industry identity.
