Gincor Werx is pleased to announce its recognition on the 2021 Report on Business ranking of Canada's Top Growing Companies. Canada's Top Growing Companies ranks Canadian companies on three-year revenue growth. Gincor Werx earned its spot with three-year growth of 64%.

President and CEO, Luc Stang is very pleased to share the following statement in response to Gincor's recognition. "We are very pleased to be ranked as one of Canada's top growing companies by The Globe and Mail for a third consecutive year, especially given the difficult times we are all experiencing. We are certainly pleased to be able to say we are still experiencing a steady growth. It is truly a testament to our valued customers that their confidence in our product has never waned and our employees continued show tenacity to work hard and produce the best products possible."

Launched in 2019, the Canada's Top Growing Companies editorial ranking aims to celebrate entrepreneurial achievement in Canada by identifying and amplifying the success of growth-minded, independent businesses in Canada. It is a voluntary program; companies had to complete an in-depth application process in order to qualify. In total, 448 companies earned a spot on this year's ranking.

The full list of 2021 winners, and accompanying editorial coverage, is published in the October issue of Report on Business magazine—out now—and online.

"As we look toward the future, Canada's Top Growing Companies offer both inspiration and practical insights for other firms facing similar challenges," says James Cowan, Editor of Report on Business magazine. "The entrepreneurs behind these companies are smart, tenacious and unwavering in their commitment to their goals."

"Any business leader seeking inspiration should look no further than the 448 businesses on this year's Report on Business ranking of Canada's Top Growing Companies," says Phillip Crawley, Publisher and CEO of The Globe and Mail. "Their growth helps to make Canada a better place, and we are proud to bring their stories to our readers."
