GINCOR WERX LIVE BOTTOM TRUCK MOUNT AT THE 2025 WORLD OF ASPHALT

APRIL 07, 2025 - GINCOR Werx participated in the World of Asphalt Show & Conference and AGG1 Aggregates Academy & Expo in St. Louis, Missouri, March 25-27, 2025. This leading event for the asphalt and aggregates industry brought together more than 11,500 professionals to explore the latest innovations, network with peers, and learn from industry experts.

GINCOR Werx brought a Live Bottom Truck Mount to the show, featuring a Sprider attachment, that sparked the interest of many visitors throughout the duration of the show. Live Bottom Trailers and Live Bottom Truck Mounts are recognised as one of the best solutions for unloading materials. Paving jobs can take full advantage of all the best features of Live Bottom Trailers and Live Bottom Truck Mounts, such as:

- Complete control of the amount of material being dumped
- Less material loss
- Less clean-up
- Enhanced time efficiency

GINCOR Werx Live Bottom Trailers and Live Bottom Truck Mounts have been through significant improvements over the past years, all of those done by the in-house Engineering department. Every new feature and improvement is the result of hours spent on product development and the priceless information received from customers feedback. GINCOR Werx is closely connected with customers to better serve and always improve the quality and performance of its products.

Along with Live Bottom Trailers and Live Bottom Truck Mounts, GINCOR Werx also showcased the capabilities of the JC-Series line of Heavy Haul Trailers. GINCOR Werx JC-Series Heavy Haul Trailers are known for the durability and capability of taking the roads less travelled. The GINCOR Werx JC-Series Paving Float has been successfully hauling heavy paving machinery for decades throughout North America and abroad.

FOR IMMEDIATE RELEASE

APRIL 07, 2025

The 2025 event featured a record amount of square footage, demonstrating the growth in cutting-edge equipment and technologies from exhibitors. The exhibit floor spanned more than 230,000 square feet of the America's Center Convention Complex; a roughly 23,000-foot-increase compared to the 2024 event in Nashville, Tennessee.

"It is the first time that GINCOR Werx participated as an exhibitor in the World of Asphalt. I can say with deep confidence; this is one of the most outstanding trade shows we've ever participated in. The amount of leads and connections that led to possible new customers is incredible" - Dustin Hart - Technical Sales Representative.

About World of Asphalt

Held every year except during CONEXPO-CON/AGG years, World of Asphalt is the leading trade show and conference focused on the asphalt and paving industries, whose most recent edition was recognized by Trade Show Executive as one of the "Fastest 50" growing trade shows. The show features the best education, and latest equipment, products, services and technologies for the asphalt and paving industries. World of Asphalt, co-located with the AGG1 Academy & Expo, will be held March 15-17, 2027 in New Orleans. World of Asphalt is majority owned by NAPA and partially owned by AEM, who produces the show. For more information on World of Asphalt, visit WorldOfAsphalt.com.

About AGG1 Academy & Expo (AGG1)

Held two out of every three-year cycle, except during CONEXPO-CON/AGG years, AGG1 is the aggregates industry's leading exposition and education resource. AGG1 features in-depth industry-focused educational programming and comprehensive exhibits that showcase the latest technologies and innovations in aggregates-related equipment, products and services. Co-located with World of Asphalt, the next AGG1 will be held March 15-17, 2027 in New Orleans. For more information visit www.agg1.org.
