MARCH 10, 2025

## GINCOR WERX BRINGS A LIVE BOTTOM TRUCK MOUNT TO THE 2025 WORLD OF ASPHALT

Newmarket, ON - March 10, 2025 - GINCOR Werx, a company with four decades of experience and expertise in the manufacturing of vocational vehicles, will be showcasing some of its products on this year's World of Asphalt Show & Conference, taking place in St. Louis, MO on March 25-27, 2025.

This will be the first time that GINCOR Werx is displaying products at one of the main asphalt industry related conferences in the world. GINCOR Werx is bringing a Live Bottom Truck Mount to the show and conference, which will be on display at the booth #2709.

Live Bottom Trailers and Live Bottom Truck Mounts are recognised as one of the best solutions for unloading materials. Paving jobs can take full advantage of all the best features of Live Bottom Trailers and Live Bottom Truck Mounts, such as:

- No risk of tipping over
- No risk of hitting overhead wires, traffic lights, trees, etc.
- Complete control of the amount of material being dumped
- Less material loss
- Less clean-up
- Enhanced time efficiency

GINCOR Werx Live Bottom Trailers and Live Bottom Truck Mounts have been gone through significant improvements over the past years, all of those done by the in-house Engineering department. Every new feature and improvement is the result of hours spent on product development and the priceless information received from customers feedback. GINCOR Werx is closely connected with customers to better serve and always improve the quality and performance of its products.
